Report of Local Executive Board

October 3, 1963

The 1962-63 school year at the Montana School for the Deaf and Blind showed continued progress and improvement.

During the year, at the suggestion of the parents and with the complete approval of this Board, there was formed a local Parent-Teacher-Houseparent Association. It was the consensus of opinion that through such an organization that mutual problems of the teachers, parents, students, and houseparents could be presented and properly resolved. In this connection, we particularly wish to thank Mr. Glenn I. Harris, Superintendent, and Mr. Floyd J. McDowell, Principal, for their work and effort in preparing the by-laws, and arranging a meeting for the election of officers on December 19, 1962.

Recreational and playground facilities were considerably improved during this past school year, fulfilling the needs of the one hundred students that are presently enrolled.

We consider the past year as quite satisfactory and successful.

**Local Executive Board of the Montana
School for the Deaf and Blind**

Geordies K. Kotz (Mrs. O.B.), Chairman

John E. Warner, Secretary

Art Jardine, Member

Superintendent's Report

The Montana School for the Deaf and Blind opened Wednesday, September 5. Enrollment this year stands at 100 as compared to 104 at the same date last year. The enro'lment divides as follows:

Deaf girls	28	Blind girls	17
Deaf boys	41	Blind boys	14
Total Deaf	69	Total Blind	31

Four pupils from the department for the blind returned to public school. One girl entered junior high school as a sight-saving pupil. Three students are taking their senior year in public school, so the transition will be easier when they go on to college. This requires cooperation between the pupils' home schools, this school, the director of special education and the Services for the Adult Blind under the Department of Public Welfare. Cooperation has been complete. Some materials are taped at the Montana State Prison.

Blind students who are not definitely college material can complete their high school work very well in the school for the blind but superior, aggressive students benefit by meeting the open competition of the public high school. They do not have to re-orient themselves from a protective atmosphere when they enter college.

PHYSICAL PLANT

Before the close of school, each staff member made a note of repairs which would need to be done during the summer. These lists were used as a guide for summer work. It is quite probable that staff members take more pride in their work when they make a report of what is needed. The list makes it possible to accomplish more repairs without confusion, because each person knows which repairs he is to make and the order of priority.

Mrs. Mildred Schelling was selected to fill the vacancy of Housemother of Girls as reported in July.

Mrs. Lois Hester was selected to fill the vacancy of School Nurse as reported in July.

In August, Mr. Roy Johnson became unable to continue as engineer-housefather. He suffered a stroke. His wife, Mrs. Anna Johnson, felt that she had to give up her position as housemother to take care of him.

Mr. J. Frank McCollom was selected as engineer-housefather to replace Mr. Johnson. His wife, Florence McCollom, was selected for the position of housemother of older boys. Mrs. McCollom was a teacher of the deaf before she married. She has been conducting a daily class in the sign language of the deaf for other houseparents. This has proven very worthwhile. Both the deaf child and the hearing houseparent find it frustrating when the child tries to tell a hearing houseparent something for which the child does not have the

spoken vocabulary. The understanding of the child's sign also enables the houseparent to give the deaf child the proper spoken words to express himself.

MEETING OF THE STATE BOARD OF EDUCATION

It was a pleasure to have the State Board of Education hold their September meeting at this school and to take time to go through the plant and to observe what was being done. The staff and children appreciated the interest shown and Governor Babcock taking time to talk to them in the auditorium.

MATERIALS FOR THE BLIND

Congress has allowed twenty-six dollars per student for the purchase of Braille and sight-saving materials for the blind for many years. These materials are produced in quantity by the American Printing House for the Blind as cheaply as possible, but they are still expensive. Under the old quota, it was difficult to keep textbooks up to date. Effective July 1, the quota was raised to forty dollars per pupil. This has enabled us to order a number of new texts.

The Social Order of Beauceant has made an award of a hundred dollars to a blind girl graduate who will go on to college. Since there was no blind girl graduating this year, the Order purchased a hundred dollars worth of children's classics in Braille.

Any blind child can order anything in Braille from the Bookmobile on Wednesday for delivery the next week, but it is nice to have the cream of children's literature available for browsing. We appreciate this fine gift.

JANUARY, 1963

HEALTH

The health of the children has been very good this fall. All new children were thoroughly tested and all tests were negative. The records of all children in attendance have been checked, and parents have been advised to get boosters during the Christmas holidays. This is done twice a year. In case a parent neglects this, the child receives the booster here and the parents are billed. Donated funds are available to pay for any needed protection which a parent cannot afford. This is also true in the field of visual or auditory aids.

One girl developed hepatitis from an exposure at home. We had not been advised of her exposure. She was promptly isolated. Every child and every staff member received gamma globulin. No cases developed from this exposure.

PHYSICAL PLANT

Repairs have been kept current. A seven-hundred-gallon hot water tank developed a leak which was plugged. A new tank is on order and it will be delivered soon. Replacement will be done as required. A new tank may not have to be installed before summer when the children have gone home. This item was within the budget allowed for repairs.

STAFF

On December 11, Mrs. Esther Harmison, our matron, suffered a heart attack. Her doctor has advised that she will not be able to return as head of the household department. She has filled this position most efficiently for the last six years. We hope to be able to secure a lady with a home economics degree for this position. A suitable person may take some time to find.

Mrs. Lois Hester, nurse, submitted her resignation effective December 31. Mrs. Minnie Walette, who asked for leave last June from this position, returned January 1, 1963. She felt it was necessary for her to take the fall months to do nursing work for a member of her immediate family. She is now free to return to this school. This is gratifying to the school physician, as well as to the school administrator.

CHRISTMAS PROGRAM

A program combining pageantry and music was presented on December 19. Tapes were made to broadcast over two local radio stations. The school auditorium was filled to capacity, and an open house was held after the program.

NEW ORGANIZATION

At the suggestion of the Local Executive Board, an organization of Parents, Teachers, and Houseparents has been formed. Much preliminary preparation was done, and on the afternoon of December 19, the first formal meeting was held. Since a majority of the parents live away from Great Falls, the best opportunity for a meeting was at the time when many parents came to take their children home for the holidays.

GRADUATION

Commencement exercises will be held on the evening of Friday, May 31.

Those who will receive twelfth grade diplomas from the Department for the Deaf are:

Jennie Emery, Livingston

Thomas Harper, Vaughn

Those who will receive twelfth grade diplomas from the Department for the Blind are:

Edie LaPalme, Bozeman

Donald Vucasovich, Anaconda

Four other former students of the Department for the Blind will graduate from public or from parochial high schools as follows:

Dorothy Dunn of Bozeman will graduate from Great Falls Central Catholic High School.

Sandra Polson of Kalispell will graduate from Flathead County High School.

GRADUATION

Donald Vucasovich, Anaconda

Thomas A. Harper, Vaughn

Jennie E. Emery, Livingston

Edie J. LaPalme, Bozeman

Janet Kessner of Chinook will graduate from the Chinook High School. Donald Hansen of Choteau will graduate from the Choteau High School.

Students from the Department for the Blind are encouraged to take their senior year in public high school, if these arrangements are practical.

STAFF

In the past, we have usually lost several members of our staff due to movement to other states for higher salaries. At the present time, we have hopes that our staff will remain intact for the next school year.

Mr. Edward Nelson, State Budget Director, worked with us in preparing a budget based on a beginning salary of \$4,320 per year for a teacher holding a bachelor's degree, in place of the figure of \$3,600 per year. The budget was made on this basis. The Legislature approved the budget and made appropriations to allow the changes.

FIRE MARSHAL'S REPORT

With reference to the Fire Marshal's inspection of August 16, 1962:

1. We hope to have the recommended enclosure of the center stairways completed next summer.
2. Incinerator openings are sealed off, as recommended.
3. Exit guide sign have been made visible.
4. Carbon Dioxide extinguisher has been installed in the printing shop.
5. When improvement funds permit, the sprinkle system will be extended.

CLOSING OF SCHOOL

Commencement exercises were held on the evening of Friday, May 31. Mrs. O. B. Kotz, President of the Local Executive Board, presented twelfth grade diplomas to Jennie Emery and to Thomas Harper in the Department for the Deaf, and to Edie LaPalme and to Donald Vucasovich in the Department for the Blind.

Four former pupils in the Department for the Blind, Dorothy Dunn, Janet Kessner, Sandra Polson, and Donald Hansen, received their diplomas from public high schools. These students will attend regular colleges in competition with students of normal vision. The experience of competing in public high school will benefit these students as they enter college. Blind students going from a state school to college sometimes find the transition difficult. When the transition can be made in the senior year of high school, there is less difficulty in adjustment.

Three former students received their bachelor degrees from Gallaudet College, Washington, D.C., the only college for the deaf. They are Carol Gosso and Robert Klessig of Great Falls, and James Pedersen of Black Eagle. We are justly proud of these students and the records they have established while in Gallaudet College.

STAFF

All staff members have indicated acceptance of appointment for the year beginning July 1, 1963.

HEARING AID PROJECT

Last year Mrs. Orvie Stover, State Supervisor of Royal Neighbors of America, started a "Help to Hear" Fund which was supported by the various encampments.

All children in this school whose audiograms indicate that they would probably benefit by the use of a hearing aid have been given an opportunity to use an aid for several months' trial. Those who have shown benefit have hearing aids furnished by their parents or from this fund.

Parents furnish hearing aids, glasses, and other necessities for their children as far as family finances will permit. It is a pleasure to report that no child in this school is denied the benefits of hearing aids or glasses because of lack of funds on the part of parents.

All children of our school have received the protection of Sabin oral polio immunization.

PLAYGROUND DEVELOPMENT

The Miracle Mile Kiwanis Club is making arrangements to develop the vacant block in front of the school for a recreational area for use by the children of the School and from town.

Some new playground equipment is on order, to be purchased for the School yard, using contributed recreation funds. The choice was made with the advice of the City Recreational Director.

PHYSICAL PLANT

The physical plant has been maintained in good condition. Teachers, staff members, and houseparents submitted repair lists before the close of school, and these have been typed. The repairs will be completed this summer with a minimum of lost motion.

Hospital Report

Total Treated in School Hospital by Months

MONTH	OUT PATIENTS	BED PATIENTS	DAYS
Sept., 1962	557	2	2
Oct., 1962	702	6	12
Nov., 1962	561	8	8
Dec., 1962	388	3	5
Jan., 1963	535	10	38
Feb., 1963	466	10	19
Mar., 1963	620	7	13
Apr., 1963	341	5	10
May, 1963	350	10	48
	4520	61	155

All children were weighed every month. All were measured in September and in May. All showed satisfactory increase in height and in weight.

7 new entrants were given complete physical examinations. All tests were negative.

All students and staff were given gamma protection after possible exposure to hepatitis in September. No cases developed.

All children were given Sabin oral vaccine: Dose-No. 1 in March, No. 2 in April, and No. 3 in May.

6 pupils were given smallpox vaccinations in April.

13 pupils were given D-T shots in April.

1 pupil was taken to the Deaconess Hospital for a fractured leg; 6 Clinic calls, 2 x-rays.

1 pupil was taken to the Deaconess Hospital for a head wound; 2 Clinic calls.

1 pupil was fitted with glasses. Parents attend to glasses except when the child comes from a small community with no ophthalmologist.

1 pupil was taken to the Clinic to a dermatologist; 2 calls.

2 pupils were taken to the Clinic; 1 for an infected toe, 2 calls; 1 for infected fingers; 2 calls.

5 pupils were taken to the dentist; 3 extractions, 13 fillings.

1 pupil had mumps.

1 pupil was taken to the Clinic to a gynecologist; 1 call.

35 pupils received CR-Bicillin for strep throat.

1 pupil received one tetanus shot, booster.

4 pupils were taken to the Clinic for a complete examination under the Vocational Rehabilitation program.

1 pupil was taken to the Deaconess Hospital for diabetic control.

June 6, 1963

Mr. Glenn I. Harris
Superintendent
Montana School for the Deaf
and Blind
Great Falls, Montana

Dear Mr. Harris:

I have just reviewed the report of the School regarding the health condition of the school children and find that we came through quite well. We did have a few brush fires of contagion which happily enough did not spread through the whole school, and at the end of the school year I think everybody was in very good health.

I wish again to thank your very fine Staff for the excellent cooperation they gave me. Without their help our record would certainly have been much worse.

I wish you all a very happy vacation.

Very sincerely,
Joseph W. Brinkley, M.D.

JWB-pys

General Information

HISTORY: The School for the Deaf and Blind was established in September, 1893, and until 1937 was located in Boulder, on the same campus as the State Training School. In October, 1937 the school was separated from the Training School and moved to new quarters in Great Falls.

LOCATION: The Montana School for the Deaf and Blind is situated at the eastern city limits of Great Falls. Highway 87 and 89 pass the school at 38th street. The address is 3800 Second Avenue North.

PURPOSE: The School is maintained by the state under the direction of the State Board of Education for the education of children too deaf or too blind to make satisfactory progress in the public schools.

AGE: Pupils between the ages of 6 and 18 are eligible for admittance but no student who has completed high school may be enrolled.

TRAINING: The department for the deaf is conducted by a staff of well-trained experienced teachers. Lip reading and speech are the chief methods of instruction. In addition to regular school subjects offered in all grades through 12, vocational training is provided. Among trades taught deaf boys are: printing, woodworking, general shop; to girls: sewing, dressmaking, domestic science and typewriting.

The School for the Blind is equipped to give academic instruction either in the Braille or sight-saving department. Vocational training and music are on the curriculum.

RESIDENCE: The institution is a boarding school, and is in session from the second Wednesday in September until the second Wednesday in June with exception of Christmas holidays. Day pupils are admitted, but all student are entitled to free board and room.

COST: There is no cost for tuition, books, living expenses or care. Parents are expected to provide transportation for pupils, clothing and approximately \$20 per year for incidental expenses such as shoe repairs, haircuts, toothpaste, etc. Section 1463, Chapter 29 of the Revised codes of Montana provides for county assistance for indigent families.

ADMISSION: Pupils are admitted on trial subject to their physical and mental ability to receive instruction. Upon request, an application blank will be provided by the school. The application must be completely filled out and returned together with a certificate of good health and freedom from contagious or infectious diseases. A transcript of credits or letters from teacher or principal is also required when the pupil is transferred from the public schools.

HEALTH: A resident nurse is on duty at the school at all times and a clinic is provided for children who are ill. Ordinary medical care is provided free and operations and extended treatment must be paid for by parents.

RECREATION: Pupils are given an opportunity for three hours of physical training weekly under direction. Recreation ground and rooms are provided, and school parties, moving pictures and other entertainments are scheduled regularly. Pupils enjoy skating, hiking, basketball, and many other

types of recreation. Radios, phonographs and pianos are placed in recreation rooms.

CLOTHING: Uniforms or special clothing are not required. Every garment must be plainly marked in indelible ink or by means of woven name tapes which may be obtained at department stores or mail order houses. Linens, bedding and towels are provided by the school. A list of suggested clothing may be obtained upon request. Clothing is laundered locally.

GENERAL CARE: Supervisors are employed at the school who serve as housemothers and counsellors. Nourishing, well balanced meals are served. There is plenty of milk, butter, vegetables, meat, potatoes and other wholesome food.

VISITORS: Parents, relatives and friends may visit their children as often as they wish. Other visitors are welcomed on school days (Monday through Friday) between the hours of 9:30 and 11:30 a.m. and 1 and 4 p.m. Groups of persons desiring to visit the school may come at other times by special arrangement. Pupils may go out during weekends, or after school hours with parents, relatives or friends by advising us in advance. However, no pupil is permitted to go except with parents, unless we have written permission from home.
